**Notice of Annual Price Adjustment – Effective 1 April 2026**

Dear Valued Customer,

We sincerely appreciate your continued trust and partnership with Dyechem. It has been a pleasure serving you, and we are truly grateful for the opportunity to support your business.

To continue delivering the high level of quality and service you expect, we will be implementing a modest price adjustment effective 1 April 2026. Beginning on that date, our general increase will be 4%. However, due to significantly higher increases in certain raw material costs, some products may increase by more than 4%. We kindly ask that you review current pricing prior to placing orders.

This adjustment reflects rising operational expenses and our ongoing investment in enhancing product quality and customer service. We remain fully committed to providing exceptional value and maintaining the standards you rely on.

If you have any questions or would like to discuss this change further, please do not hesitate to contact us.
